
Cabello Hair and Beauty provides natural, eco-friendly, organic and environmentally responsible hair and beauty services and retail products, within a relaxed and calm atmosphere - connecting hair, health and happiness.

Upon entering the salon, you are instantly hit by the urban oasis of warmth from both the elite surroundings and the welcome from our team. The soft flow of the bamboo and solid oak (upcycled from railway sleepers) throughout the salon gives a true sense of calm and relaxation.

Sit in the beautiful soft green surroundings, with a complimentary drink, while we create a complete look that suits not only your face shape, hair texture and individual personality, but your lifestyle too.

At Cabello Hair and Beauty, we approach every guest with fresh eyes, and by listening and caring about each individual, we can create a bespoke plan for them, to deliver over and above expectation.
